Sub: Amphenol FOP BABAA compliance statement for BEAD-funded projects

April 17, 2024

Amphenol Fiber Optic Products (FOP) is a uniquely positioned manufacturer with a broad operational footprint and a diverse product solution set that is well positioned to support deployment of broadband services. For over 30 years, we have supported the Broadband and Optical Network infrastructure builds throughout the U.S.

Leveraging our manufacturing footprint, along with our strong U.S. supply chain, we are pleased to announce that the following product families comply with the current Build America Buy America Act (BABAA) program requirements for Broadband Equity, Access, and Deployment (BEAD) funded projects.

BEAD Compliant Product Family
Enhanced Amphenol Multiport Terminals (eAMT)
Mini Amphenol Multiport Terminals (Mini AMT)
HFOC Drop Assemblies
HMFOC Feeder Assemblies
Amphenol Node Service Cables
Pigtail Stub Assemblies

Understanding your specific needs helps FOP ensure we deliver products that meet your expectations. To facilitate this process, we kindly request that you communicate your BABAA program requirements for BEAD funded projects to us through the following channels:

- **Quoting:** During the quoting process, please clearly indicate BABAA program requirements for BEAD funded projects that need to be met. This ensures that your requirements are documented from the outset, allowing us to provide accurate pricing and delivery timelines.

- **Order Placement**: When placing your order, please clearly indicate BABAA program requirements for BEAD funded projects that need to be met. This ensures that your requirements are incorporated into the procurement and production process.

- **Customer Service:** Our dedicated customer service team is available to assist you with any inquiries or special requests regarding BABAA program requirements for BEAD funded projects. Feel free to reach out to them via phone, or email.
  - **Email:** sales@amphenol-fop.com

- **Supplier Portal:** If you utilize a supplier portal or similar platform for managing orders and communicating with us, please input your BABAA program requirements for BEAD funded projects directly into the system to ensure visibility across all relevant departments.

Regardless of your network architecture, FOP has solutions to help. We look forward to assisting you with identification of the best product solution and production path to ensure compliance with BABAA program requirements for BEAD funded projects. If you have any specific questions or concerns, please do not hesitate to reach out to your FOP contact who will be happy to assist you further.
